The Doctor's House Bed and Breakfast – Circa 1896

A perfect alternative to a hotel in the heart of Grey and Bruce Counties, Ontario, Canada

The “Best Sleep Anywhere” is what one of our guests wrote on Trip Advisor and we could not say it better because that is what a vacation at The Doctor’s House B and B in the quaint village of Tara is all about.

Sauble Beach is only a 20 minute hassle free ride away through the beautiful countryside of Bruce County.

If you prefer quieter beaches then again a closer ride away are the beaches of Port Elgin and Southampton which are more family friendly. Near Port Elgin is McGregor Point Provincial Park which is open all year round and has activities for all the family.

A short boat ride from Southampton is Chantry Island another of the hidden gems of Ontario.

If you prefer a little bigger city, then Owen Sound is again close by where trips to Grey Roots Museum and Inglis Falls the “Niagara Falls” of the Northern Niagara Escarpment, are a must see on the drive to Owen Sound where you can shop.

Further north on the Bruce Peninsula there is the chance to experience a unique biosphere with trees over 1000 years old as you hike the world famous Bruce Trail with its scenic lookouts,

If you’re a winter enthusiast cruise the groomed snowmobile trails, from our front door or go cross country skiing at Sawmill Trails at Hepworth or a little farther north the trails at Sauble Cross Country Ski Club are on a nice drive past Sauble Falls. Just a short hour’s drive away, a trip we try to make at least twice a week in the winter, you will find the hills of the Blue Mountains featuring some of the best downhill skiing anywhere in Ontario.
